EXCLUSIVE PARTNERSHIP INVITATION

Partner With LS360 Manila

Convene leaders shaping faith, family, AI, and nation-building in the Philippines.

WHY LS360 MANILA

LS360 Manila is Family First Global's annual international flagship leadership event, hosted this year by the local chapter Pamilya Muna Pilipinas.

It will gather business, civic, family-enterprise, faith, education, technology, and next-generation leaders for a timely conversation on resilient leadership in a disrupted age.

This is a stewardship partnership for leaders and institutions who want to help convene the right people, underwrite strategic access, and strengthen a movement committed to family, faith, character, responsible technology, and nation-building.

SPONSOR ASK

We invite aligned companies, institutions, family enterprises, and leaders to partner with LS360 Manila through a sponsorship level or table-support option.

- Support leadership formation and a trusted leadership gathering.
- Enable strategic seats for next-generation and mission-aligned leaders.
- Receive appropriate sponsor acknowledgment, table access, and post-event stewardship.

THEME

Resilient Leadership in an Age of Disruption: Faith, Family, AI, and Nation-Building

A timely platform for leaders who want to navigate disruption without losing sight of purpose, family, moral clarity, and the next generation.

WHY YOU ARE BEING INVITED

You are receiving this invitation because we believe you share LS360's commitment to faith-rooted leadership, strong families, responsible innovation, and nation-building. We would be honored to explore whether one of these partnership pathways aligns with the outcomes you want to help advance.

WHY THIS IS WORTH SUPPORTING

A trusted global platform with a high-caliber leadership audience

A global movement with measurable reach.

Family First Global's 2025 Annual Report identifies 22 country movements and partner communities, with many millions of families reached, including 2+ million Urdu-speaking families each week through Misali Gharana. Family First Global also reports over 5 million Asian families served. Manila brings that reach into a focused Philippine leadership forum.
